DEPARTMENTAL REVIEW/REPORTS
Police & Animal Control, Written Report – Interim Chief Villar told the council that she is waiting to hear from Silent Witness concerning a $1,000 reward regarding information on the fires. She printed a report on demographics information to give to a retired arson investigator from Phoenix. He owns his own consulting firm and has agreed to review all the reports at no charge to the town. He will draft a report on geographic, demographics and patterns that she will be able to take with her to a scheduled meeting with the County Attorney on May 25th. She is meeting with the County Attorney to see if they can work together on these cases. She arrested a suspect after one of the fires on domestic violence, drug paraphernalia and some felony charges and the suspect was out in within two days. They have a lead suspect that witnesses have seen in the area of most of the fires but because they do not actually see the suspect start the fire and have something that directly ties that person to the fires, the County Attorney will not charge them with anything. She feels it is very unlikely that they will get someone charged with these restrictions. She will be meeting with Spillman Administrators to be able to print crystal reports which will give better statistical reports with graphs and charts giving the council a better picture of what is going on in the police department. She also talked with Pinal County Fleet Maintenance and they will be removing some GPS monitors from their patrol vehicles and they are willing to give them to the Hayden Police Department at no cost to the town.
